Improv Café'

You're on the menu at the Improv Café. No, we're not talking some twisted, late night Sci Fi zombie feature - we're talking five courses of fun that you, the audience help cook up.

Your suggestions fill out the menu for the evening... and if you've got the spice, you can get out of your schair and become part of the main course! It's a fun-filled feast of the unpredictable - and you provide the ingredients.

So if you're hungry for something different, let Theater Off the Cuff serve up an entrée of laughter with the Improve Café!

You're Invited!
